Lucky Linda's Casino Party Events - An Authentic Casino Experience

We consistently exceed our client's expectations by providing the highest quality Casino experience available. Much more than just a few stand up casino tables, we provide an entire Casino environment for your guests entertainment and enjoyment. We pride ourselves in playing the games just as you would in Las Vegas. Many of our dealers have worked in real casinos. Exceptional quality and service is our passion.

Your Casino Party Event: Here's how a usual Casino party will work. When everyone check in they will get a couple hundred dollars in "Lucky Bucks". These are about the same size as real money, they look and feel like the new money with the "big heads" on them. We like to provide the true casino experience, players will have to reach into their pocket to buy chips at the tables or tokens for the slot machines. It's so much fun to see how people hold onto the Lucky Bucks like they are real. We use real life denominations at our parties. Lucky bucks are available in \$5, \$20, \$50 & \$100 bills.

Your guests will be alive with excitement as they play blackjack, slot machines and other games in your casino. The slot machines give the authentic Casino feel with all the excitement of Las Vegas. Games like Texas Hold 'Em poker brings back memories of when Doc Holiday and Wyatt Earp were playing cards in Tombstone. Everyone has a fantastic time. Dealers are dressed for a classy Casino look or special theme attire if you desire. Our dealers are friendly and fun and will explain the games to anyone who wants to learn. We provide real casino stools with all our blackjack tables it's more fun for everyone to be able to relax and play instead of standing all night.

At the end of the event we'll help you tally up the top winners and assist with the awards. You can have awards for the top winners or have a drawing for the guests with the most points or both.

Themes: A theme like Mardi Gras, Roaring 20's, or Carribean Pirates, is always a hit to increase attendance. guests love dressing in costume for an exciting night out.

Fundraisers: During a fundraiser, remember donations are just that: a donation, and not required to play. Most attendees at fund-raiser understand that the point is to raise money for the organization and want to see you succeed. Pre-selling tickets to your Casino party is the most successful way to gauge attendance. We will work with you to provide a base Casino party package that will fit your budget and can be increased in size if needed.

Prizes: During a Casino night the prizes are usually not the main focus, people enjoy playing their favorite Casino games without spending their mortgage payment to have fun. We've done huge parties with very minimal prizes such as gift certificates for coffee or books. Prizes should be donated. Some yearly corporate events give out an "Annual High Roller" certificates with multiple award levels. Some have small trophies engraved. Usually limited to one prize per person.

Basics: Each player gets at least one raffle ticket when they arrive, so everyone has a chance to win. At the end of the evening each player's lucky bucks are tallied. This is entirely up to you and should be determined in advance.

Additional tickets: What works very well: 1 ticket per \$100 in lucky bucks rounded up to \$1,000 then 1 per \$1000 with a maximum of 20 tickets. We've seen players win over \$100,000.00 in lucky bucks, you don't want to give one player an entire roll of tickets.

Hourly Drawing: Players can buy tickets throughout the night for additional entries.

Multiple Prizes: Setup multiple boxes with prize descriptions on them and let the players choose which raffles they put their tickets in.

Auctions: Auctions where players bid on prizes are also fun, but take additional time to complete. We can help you with auctions if you would like to do this.

Amusement Only: You cannot charge people to gamble. State laws and notification forms are available upon request.
