# Promotional Slot Machines

**Specialty Promotional Free Play Slot Machines** - Our promotional slot machines have the impact you are looking for to attract attention during your event.

Try our **Promotional Slot Machine Demo (WinXP and Vista)**

<http://www.casinopartyevents.com/slotsforrent.htm>

**Customize** your slot machine to fit your corporate image using Duratrans or Translite back lit graphics for the top and belly glass. Your art department can supply us with the finished backlit artwork. Graphic design is available at normal design rates if requested. Our tradeshow slot machine program is based on popular Las Vegas slot games. The slot win ratio can be entirely random or set to win at specific intervals.

**4 Prize levels** - Level one is any symbols and semi-random winners. The other three levels are forced wins at specific intervals. We can modify the winners to meet your prize distribution goals. If you want 10 winners out of 1000 spins you can do that.

## Fabulous Las Vegas Showgirls!

We have Showgirls and Entertainers that can enhance your promotion or trade show booth!

### Authentic Casino Slot Sounds, Lights, and Action!

These slot machines meet gaming requirements by being completely FREE PLAY. There is no Cash, Coin or Tickets in or out and cannot be made into a gambling device.

The system uses a computer operating system to display 3D Virtual reels behind the payout glass in an authentic slot machine style computer case. This is not a gambling device and is only used to award free prizes for promotional purposes.

## Custom Promo Slot Machine Reel and Glass Graphics

**Top Glass** is 15 inches tall by 19 1/2 wide. About 3/8 inch is covered by the frame. If using full bleed graphics don't put borders or outlines within 1 inch all the way around.

**Belly Glass** is 9 1/4 inches tall by 19 3/4 wide - remember 3/8 will be covered by the frame so don't put lines or borders within 1 inch all the way around

**DESIGN - Glass Graphics should be created in PDF format.**

600 DPI One file with both graphics next to each other. Normal size in inches is 16 tall X 40 wide with top glass on left and belly glass centered on the right.

**REEL Graphics - 320x160 JPEG** logos and images can be placed on the reels. Graphics should not have tiny text and should be rectangle shape. Circle and square shapes are reduced to fit between the reel symbols to look as good as possible.

**Turnaround Time:** Once we have all the graphics and files it will take about a week to complete a demo version for your review. Demos work on WinXP and Vista with some additional files.

**Placement:** Slots on stands are usually placed along walls, pillars and columns or against a table or backdrop. You need to make sure it doesn't get pushed over.

**Overall Footprint and size** W 2 ft. x L 2 ft. x H 6.5 ft.

**Weight 260 lbs.** If crated for shipping out of State add 140 lbs

**BRANDED GRAPHICS!  
Make an Impact and get  
your message across!**

**Power** - Normal 110V 20 amp outlet can run up to 2 slots

**Delivery** - Rental price does not include any fees that may be charged by trade show promoters or convention centers for delivery or power to your location. Some trade shows require that equipment be dropped off at a loading dock and the trade show employees deliver to the booth. Our delivery charges include deliver to a loading dock or booth location, then setup after the equipment is delivered to your location. Additional delivery charges may apply if the location is not easily accessible or wait time is over two hours from arrival.

**Insurance** - Your general liability insurance should cover anybody using the rental equipment at your location. You should appoint people to insure that people don't misuse the equipment by pouring liquid, climbing on or pulling equipment off stands. When renting equipment you are responsible for the equipment and all liability while it is in your possession. Common sense is the key such as not routing power cables through a water fountain. Lost or stolen slot machines have a replacement value of \$6,500 each.

**Payment** - Payment in full or 1/2 down payment to reserve equipment and balance due after demo program is created. Balance is due at delivery or before event date if paid via credit card.

### Prize Winners with Branded Icon Reel Graphics

**Winning combinations** - Winners can be set based on the number of spins you expect. -small - medium - large. You can choose the number of spins between each winner. Up to 6 different winning combinations are available.

There are **6 spots** that can have custom symbols, usually company or product logos line up to make the three prize levels and the other three symbols will mix to provide any symbol winners for the "tiny" prizes.

- **Any three symbols** win the lowest "tiny prize - about every 3 to 5 spins
- **SMALL - First Icon**(Product Logos) - Line up 3 logos - can be set to win at any interval of spins
- **Medium - Third Icon** (Product Logos) - Line up 3 logos - can be set to win at any interval of spins
- **Large - Fifth Icon** (Product Logos) - Line up 3 logos - (GRAND Prize) can be set to win at any interval of spins

**Semi-Random Winners** - A range can be set so that these will happen on a regular interval to give out prizes of various levels. We can program almost any combination of Icons and winners. We are more than happy to work with you to meet your needs.

**REEL Graphics - SIX Jpeg graphics that are 320x160 or 640x320 pixels each** for the slot reels. We will size them to fit if needed. They can be company or product logos and icons. It looks best if the symbols are consistent in style. Do not use photos with small text - simple and clean works best.

### Prize Worksheet for Reel Graphics

#### Random Tiny Prize -
